Logo emblems – for the **S2000** owner

We now offer a beautiful new **S** logo car emblem to replace the Honda emblem on your **S2000**. Our emblem is beautiful stainless steel and has a recessed interior with a brushed finish. You can leave the recess as-is or use touchup paint to match your car. We also have the emblem with either **RED** or **BLACK** hard enamel already in the recessed area. The emblem will cover the existing holes in your hood and trunk lid and attaches with genuine 3M double-sided tape (included).

Our **S** logo lapel pin is top-quality cloisonné. The pin is “free-standing” in the shape of the **S** and measures 1” across. The pin edges are bright antique silver and the color fill is hard enamel. They have a rubber clutch fastener and are individually packaged.
